Sirocco tweaked his moustache pensively. "It's a problem knowing where to start. You know the kind of thing I'd like to get out and see the whole planet. The Barrier Range is as big as the Himalayas, there's Glace . . . a Grand Canyon out in Oriena . . . there's so much of it. But you have to do something useful, I suppose, as well as just go off enjoying yourself. But I think there's a lot of survey work waiting to be done yet. What I might try and do is get in touch with that geographical society that Swyley was taking such an interest in before he and Driscoll pulled their vanishing act." Sirocco stared at his feet for a second as if trying to make up his mind whether or not to mention something. "And then of course there's Shirley," he added nonchalantly.. Stern's -eyes took on a distant light, and his breathing quickened visibly. "I will build this world into the power that Earth could never be-an unconquerable fortress that even a fleet of EAF starships would never dare approach.." "She couldn't have known," Geneva said, but those four words were more of a question than they were. As Rickster had warned, Laura was in one of her private places. Oblivious of everything around her, she. windows, until the pie-powered trucker returned and they ventured out upon the road again. Even then,. Across the room in the sunken area below the wall screen, Bernard, Lechat, Colman, and Jay resumed their conversation. "We don't know what they've got exactly, but it's pretty devastating," Jay told Colman. "We figure they've already tested it. There's an extra crater on one of the moons-a couple of hundred miles across-that wasn't there a year ago. Imagine if whatever did that was to hit the ship." knees, shoulders hunched, head cocked, wild damp hair hanging in tangles over her face, hands still. The SD major completed dictating his notes on the final witness's statement into his compad and walked to where the two young women and the man were sitting. Their expressions as they looked up at him were not apprehensive or apologetic, but neither were they defiant, the deed was unfortunate but it had been necessary, the faces seemed to say, and there was nothing to feel guilty about. If anything, they seemed curious as to how the Terrans were going to handle the situation, as did the other Chironians looking on.. This was a private establishment with a dedicated, friendly staff. Noah appreciated their professionalism,. between Geneva polishing each already-clean dessert fork on a dishtowel before placing it on the table. At the front of the vehicle, the door opens, and the first things through it are the excited voices of a man. "It's happened," Hanlon told him. "Kalens is dead. We found him inside the house, shot six times. Whoever did it knew what they were doing." STARSHIP COMMAND CENTER, CAPTAIN CURTIS HAMMOND.. This scheme at last explained a number of things which previously had been noted merely as empirically observed curious coincidences. It explained why quarks came in three colors: Each one-plus-two combination of dums and dees. Warped Masonite, cracked plastic glides, and a corroded track conspired to prevent her from sliding. "I'm not sure," Kalens replied distantly. Trying to elucidate Stern's motives is akin to peeling an onion. But when you think it through, if there's no resistance, we win automatically, and if there is, then the Chironians will be forced to make the first moves, which gives us both a free hand to respond and a clear-cut justification that will satisfy our own people . . . which' is doubly important with the elections coming up. So really you have to agree, John, the scheme does have considerable merit." "Hanlon wants me at the gate for something," Colman said. "Talk to you in a few minutes." some demented children's book? The Little Snake that Could? then she was screwed.. "There's been one in the Battle Module," Brad told him, sounding out of breath. "A bunch of us tried to take over in there after the broadcast, but there were too many who figured that was the safest place to be and wouldn't quit. It was all we could do to get out." Pernak half raised a hand, and his plastic features molded themselves into a more intense expression. "We've talked on and off about society going through phase-changes that trigger whole new epochs of social evolution," he said. "Well, that's exactly what's happened down there. You can't extrapolate any of our rules into this culture. They don't apply. They don't work on Chiron.' door in Micky's heart, a door that had for a long time been kept locked, barred, and bolted. We have to show the Chironians how to be strong in the way we've learned to be, and if we do that, there will never be any war." lone defender of the castle, ceaselessly prowling the ramparts, at war with the world. But a constant state. the SD's from the Battle Module were approaching, and he had retired to a sheltered observation platform from which he could direct operations with a clear view into the tunnel. Lesley, Colman, and Swyley moved behind a stanchion where Driscoll and a couple more? from D Company were crouched with their weapons. A few seconds later the soldiers all around tensed expectantly.. "Very well," he said. "Stanislau has had his encore. Now let's get back to business.. Lechat looked puzzled. "That's my point-how do the Chironians satisfy them?" "Well, try not to make it half the night this time, won't you." And to Pernak: "Take care, Jerry. Thanks for dropping by. Give our regards to Eve and remind her it's about time we all had dinner together again. She said after church last Sunday that she'd call me about it, but I haven't heard anything." way or another by her tenth birthday, she wouldn't be in danger until the eve of that anniversary; by then,. deserve it." "The potential's there." This time, the pacifist didn't smile. "Guess I should have said do the smart thing." "Leilani, honey, you're not going back there," Geneva declared. "We're not going to let you go back to." "Bad news," Colman hissed through his teeth. "Just keep talking. Don't look round." "I think it will he all fight if Kalens gets elected," Terry told them. "He said earlier tonight that if the Chironians have started an army, it's probably a good thing because it'll save us the time and effort of having to show them how. What we need to do is show them we're on their side and get our act together for when the Pagoda shows up." The EAF starship was designed differently from the Mayflower II. To compensate for the forces of acceleration, it took the form of two clusters of slender pyramidal structures that hinged about their apexes to open out and revolve about a central stem like the spokes of a partly open, two stage umbrella, for which reason it had earned itself the nickname of the Flying Pagoda. Terry sipped her drink and looked around the table. "The guy's got it figured realistically. You see, there's no need for a fight. What we have to do is turn them around our way and straighten their thinking out." "We have nothing to reconsider," Otto replied calmly.. starry sky, low near the horizon, but nothing of the greater vault above, where ghost riders would be. During her short walk, the electrical service had come on again. The wall clock glowed, but it displayed. jewel-sharp, jewel-dark colors, like a pirate's treasure of sapphires spilled among emeralds, scattered. "He will. I have General Borftein, who wishes to speak directly to whoever is in charge there.".would actually tighten up a notch.".Leilani appeared to be surprised. "Don't you read newspapers?".The Battle Module was not intended to be part of the Mayflower its public domain, and restriction of access to it had been one of its primary design criteria. Personnel and supplies entered the module via four enormous tubular extensions, known as feeder ramps, that telescoped from the main body of the ship to terminate in cupolas mating with external ports in the Battle Module, two forward and two aft its midships section. One pair of feeder ramps extended backward and inward from spherical housings Zn the forward ends of the two ramscoop-support pillars, and the other pair extended forward and inward from the six-sided, forward most section of the Spindle, called, appropriately enough, the Hexagon. As if having to get through the feeder ramps wasn't problem enough, the transit tubes, freight handling conveyors, ammunition rails, and other lines running through to them from the Spindle all came together at a single, heavily protected lock to pass through an armored bulkhead inside the Hexagon. Aft of the bulkhead, the lock faced out over a three-hundred-foot long, wedge-shaped support platform upon which the various lines and tubes converged through a vast antechamber amid a jungle of girder and structural supports, motor housings, hoisting machinery, ducts, pipes, con-."We could probably arrange a visit for you too," Chang offered.
